IABEAS CORPUS REFUSED

Tientsin Prisoners' Case Will Be Taken To Privy Council If Necessary

SHANGHAI, AUGUST 14 (REUTER)—DRAMATIC DEVELOPMENTS ARE EXPECTED if Mr. P. Grant Jones, Assistant Judge of His Majesty's Supreme Court for China, refuses to grant the application for the writ of habeas corpus in connexion with the four Chinese prisoners at Tientsin.

Judge Grant Jones is expected to give his decision some time to-morrow or on Wednesday.

Reuter learns that fresh instructions have been received by the legal firm of Ellis & Hays, under which, if the application is refused, an immediate appeal will be lodged and, if necessary, the case will be carried to the Privy Council in London.

Mr. H. A. Reeks and Mr. J. R. Jones, barristers-at-law, of the firm of Messrs. Ellis & Hays, are now awaiting the Judge's

LOSE SINGLES BOTH

Muang Roeng's Fine Recovery Against H. D. Rumjahn

"RECORD FIRST TENNIS INTERPORT

"TAC"

A "crowd" that could hardly have paid for the tennis balls used watched the opening day's play in the three-day tennis Interport between Hongkong and Thailand on the Cricket Club ground yesterday, which ended with the visitors leading by two matches to nil. It was by far the smallest gathering the writer has ever seen at any representative game.

Nor was the fare served up; brief periods in the first and final sets of the second singles excepted, anything over which to enthuse much. Main feature of the day was the very fine recovery by Muang Roeng, Thailand No. 1, who, having lost the first set and trailing 2-4 in the second against H. D. Rumjahn, rallied so well that he took the next four games in a row and then went on to win the final stanza with but the loss. of one game.

Previous to this, Sanoh had H. D. RUMJAHN HAD beaten S. A. Rumjahn in straight sets, 6-4, 6-3 in a match in which there was little brilliant.

His Excellency the Governor, Sir Geoffry Northcote, Mr. Justice R. E. Lindsell, Puisne Judge, who umpired the second match, Mrs. Lindsell, the Hon. Mr. T. E. Pearce and Lt. B. A. Fargus, Acting A.D.C to His Excellency, were amongst those present.

SANOH TOO STEADY

Sirdar Game But Lacking Force

Early resolving itself into a baseline duel of the war-to attrition type, the Sanoh-Sirdar Rumjahn match could not in any way be described as exhilarating, though one easily remembers' Sanoh's rhythmic strokes and Rumiahn's unusually consistent service.

Apart from" the ever-present signs of the march of time, Sirdar gave the impression that he was lacking in first-class practice and was not in full training. At no stage, except immediately after the first game, did he lead, and, though the score of 6-6 would indicate a certain amount of closeness in the first set, yet actually Sanoh had something to spare.

The winner impressed with his placements, with which he often had Sirdar running from corner to corner. He revealed no appreciable weakness in any stroke, though overhead work was almost completely absent, but neither did he show any great force on either delivery in the eighth game to wing, while his service can at best be described as steady.

Sanoh lost two of the first three games, but was thereafter always ahead. In the second set he led hand, was getting distinctly tired. 1-0, 2-0, 3-1 and 5-2 before running, out at 6-3.

This first match was played under hot and difficult conditions and the light at one side of the court was tricky.

HONGKONG CYCLING CLUB: KEATES FAILS IN SECOND RECORD ATTEMPT

On Saturday last, August 12, the Colony cycling champion, H. A. G. Keates, made his second unsuccessful attempt to establish 100 miles unpaced record figures. Mis previous attempt, on February 5, 1937, ended when he crashed after covering 32 miles in 14 hours,

The usual "five mile" course was used on this occasion, and Keates had, therefore, to cover the course twenty times with a turn at every 24 miles.

To celebrate the, 82nd Anniversary of the Hongkong Daily Press, the oldest morning paper in Hongkong, which was established on October 1, 1857, a special supplement is to be issued. This will be printed on good quality paper and will be profusely illustrated, and it will give the best presentation of Hongkong yet attempted.

As the Hongkong Daily Press's 82nd Anniversary falls ten days before October 10, the Double-Tenth, which is China's National Day, it is proposed to commemorate the occasion in the same special supplement which will, therefore, also give a comprehensive account of the progress of the Republic of China as made under the guidance of the Kuo Min Tang.

It being the wish of the publishers of the Hongkong Daily Press to emphasize Sino-British friendship as the theme of the special supplement, a cover design clearly presenting this theme is being sought. With a view to securing a suitable design, it is proposed to bold a contest, the rules of which follow:-

HONGKONG 82nd ANNIVERSARY COVER-DESIGN CONTEST

RULES.

- 1. The size of the design must be exactly 101 inches wide and 15; inches long, including the title.

MAJESTIC -

Thrills of the West and hilarious adventures amid Long Island's polo-minded socialites engage Dennis O'Keefe in a lively series of trials and tribulations in "The Kid from Texas," second of Metro-Goldwyn-Mayer's sports drama featuring the actor, which opens at the Majestic Theatre to-day.

Teamed for the second time with Florence Rice, O'Keefe enacts a Texas cowboy who, after seeing polo in a newsreel, takes up the game, practices on the range, invades Long Island, makes love to an heiress, and after varied polo mishaps intermingled with setbacks in his whirlwind courtship, winds up in a Wild West show. captaining a polo game between cowboys and "Wild" Indians, most of whom graduated from Harvard This wins him the heiress, played by Miss Rice.

DISCRETION OR LACK OF COURAGE?

Negation Of Everything - Thought And Life-

BY JOSEPHE BRICE

(Special to the "Hongkong Daily Press")

Of course you all know that famous story of Æsop, the Greek philosopher-slave, but I like to remember it and I shall tell it to you again. Once, his master ordered him to go to the market and buy all the best things for dinner, and nothing but the best. Æsop bought only tongues which he dressed in different sauces; the guests at first praised the originality of his choice, but as, from the hors d'oeuvres to the dessert, there was nothing but tongue, they grew tired of it and the master exclaimed, with anger: "Did not I tell you to buy the best things? "-" And what can be better than the tongue?" retorted Æsop. "It is the link of civil life, the key to sciences, the organ of truth and reason; by it we build towns and govern them: we teach, we persuade, we reign over assemblies, we fulfil the first of all duties, that is we praise and honour the gods."-" Well," said the master, who wished to catch him, "for to-morrow you will buy all the worst: these same persons will come and I want to change."

HONGKONG BOYS WITH THE NORTH CHINA GUERILLAS

'DAILY PRESS" CORRESPONDENT TELLS OF WARTIME MEDICAL TRAINING SCHOOL IN FIGHTING NORTHWEST

A year ago, two young men, graduates of Hong kong University, came into the "Daily" Press" office. They told us that they were going into the distant interior to serve their country and offered, if we gave them credentials which would facilitate their movements, to act as this newspaper's correspondents on the North China front.

Yesterday we received a letter from one of these young men, Chang Shu-fatt. He writes, almost apologetically, that no exciting adventures have befallen him and gives instead the story of the day-by-day work of the school in which he is now teaching, far away in North Shensi.

The story is an epic of the heroism of young China, a proof that from the poverty of their country the will and resourcefulness of the fighting Chinese people can create whatever is needed for the victory the only alternative to which is extinction. It is also a first-hand account, the first to be published, of what is certainly one of the most remarkable and significant educational institutions in the world to-day.

We give this story below:

The Welsiao, which every bit as remarkable as the institutions named above is practically unknown.

The Weisiao trains a special type of medical officer, such as is needed in every army. It fills a a need which in China has too often been neglected and it shows that a job considered by many to be too big can be done successfully even under present condi tions. I hope that those concerned with the care of our wounded. should they read this, will profit from "the account it gives of how the problem is being solved, here the poverty-stricken North-

AN ARMY THAT CARES

Foreign observers have often remarked that the Eight Route Army never leaves its sick and wounded behind. Such a fact is noteworthy in China, and when one considers that this army has grown in a few months to many times its ordinal size, it may well be called amazing. The army owes this record to "its medical service, which in turn owes efficiency to the training workers receive in the Welsiao.

Students in the Weislao are taught to render first aid" cases, to treat common and to organize the rapid transport of casualties from the front to the rear. Its course takes in one and a half years of intensive work.

FISH CAUSES SURPRISE TO BATHERS

Bathers at Repulse Bay had a surprise when a huge flat fish, bedeved to be a species of ray, was seen chasing innumerable smaller fish which sought safety under rafts, on Saturday afternoon.

The fish, about six feet long and about 10 feet in width, was by the raft nearest the Lido Lady, and caused a sudden big wash, which attracted the attention of the

EMPIRE AIR ROUTES

ANNOUNCEMENT of Imperial Airways of a substantial reduction passenger accommodation on their 22,000-mile-long Empire routes and of the possibility of purchasing aircraft abroad is of exceptional interest. The statement makes it clear All Creditors and others are that the decision was taken most reluctantly on accoun difficulties in obtaining new aircraft to make up the fleet shortage and in recruiting pilots owing to the British rearmament programme and the priority given to Royal Air Force orders. Other factors are "the marked increase in the weight of mail and the desirability of carrying greater reserves of fuel.

ACCORDING to the statement, the company will do everything possible to rectify the present position. In the past, their policy had been to look exclusively to British industry for equipment but now, in view of the changed conditions, this original standpoint has been given up and they have now ordered 48 American Cyclone engines of 1,100 p.h. each to be fitted to the company's fleet of Ensign aircraft. The company also are considering the purchase of aircraft from abroad to meet immediate and urgent needs.

IT IS perhaps natural that the recent tremendous expansion in British military aviation should have overshadowed developments which have taken place during the year on the civil side of fly-Supreme Court of Hong Kong on 69643, and 52016/52025, Certi- ing, which serves the purthe 5th day of August, 1939, for ficates Nos. Naturally, the greatest expansion has taken place on Empire air routes but it is on the mail routes that the greatest developments have taken place, the increase in mail ton-miles being from under 4,000,000 in 1937 to 9,335,000 in 1938. DECISIONS of far-reaching importance to the development of British civil aviation were taken during the year, when the Government decided to introduce into Parliament a British Overseas Airways Bill, providing for the merging into one corporation, under some degree of government-control, of the two great air transport companies—Im-

It is not anticipated that the new corporation will be a paying concern for some considerable time to come but the important point is that the expansion of British civil aviation must proceed smoothly at all costs until it promises the fulfilment in the air of British enterprise of the sea.

Revision As A Whole: Not Of Single Problems Only

It is noticeable that the German and Italian Press are both talking about revision as a whole and not the solution of single problems.

The fact that the talks lasted much longer than planned is regarded by some as a sign that the Axis Powers perhaps did not start with 100 per cent. agreement with which it is claimed to have finished.

Not all the rumours are, however, pessimistic and according to one version Italian opinion to a large extent has prevalled.

CHUNGKING. AUGUST. 13: (CENTRAL) - ONE - THIRD OF CHINA'S IMPORT TRADE FOR THE FIRST FOUR-MONTHS OF 1939 WAS WITH JAPAN, according to figures released by the Foreign Trade Commission of the Ministry of Finance. Out of a total value of \$397,073,000 in Chinese national currency, imports from Japan (plus Kwangtung Leased Territory) amounted to \$130,860, 000.

The goods came in mainly through 16 coastal and river ports. During the period under survey eleven were under Japanese military occupation. They were Shanghal, Tientsin, Chefoo, Kiaochow (Tsingtao), Hankow, Kiukiang, Hangchow, 'Hainan Island', Swatow fell on June 23, leaving at present only four ports, namely, Chungking, Foochow, Ningpo and Kowloon.

"SMALL COIN" NOTES

Discrimination Is Engineered By Japanese

SHIUKWAN, KWANGTUNG: August 14 (Central)-Discriminations against some prints of the Kwangtung, "small coin" notes, engineered by the Japanese with the purpose of undermining the Kwangtung currency, were deplored by a responsible officer of the Kwangtung Provincial Bank hove.

Recently, the officer pointed out, the Japanese have bought huge amounts of Kwangtung notes of the American Bank Note Company print at a high price, and at the same time refused acceptance of notes of other print; including the Chung Hwa Book Company print and the Municipal Bank print. The result is that value of the American Bank Note Company print has risen steadily in value against the National dollar, while notes of other prints were discoun-The value of Chinese exports | fed in the open market.

Peoples' Duty

The officer declared that it should be the duty of every people of Kwangtung not to be deceived by the Japanese machinations, and to accept all prints of the Kwangtung notes without discrimination.

The rate of Kwangtung small coin against the National dollar. the officer said: now remains at 144, as was fixed by Government mandate. The rate will be applied whenever the public request conversion of their Kwangtung note holding into National dollars.

The officer revealed that the acute shortage of National dollar subsidiary notes in .. Kwangtung will shortly be alleviated when a large quantity of these notes arrivefrom the four Government banks.

The officer said that discriminations in favour of the American Bank Note Company issue of the Kwangtung notes are "confined to Hongkong, Macao, Toishan, Sunwui and neighbouring places, and do not affect other parts of Kwangtung.

BANKING FIRM'S AFFAIRS

FINANCE

HEAVY LOSSES EXPECTED

AMSTERDAM, Aug. (T/Occan) -The investigations made into the extent of obligations of the banking firm, Mendelssohn and Co., Amsterdam, reveal that very heavy losses must be expected.

"Handelsblad, Sunday. believes that the losses on French State securities alone will run into many millions. But apart from the French issuing business, the financing situation of the firm has been seriously shaken for years

"Handelsblad" considers that, in these circumstances, the Mendelssohn Bank ought not to have undertaken the issue of French State loans.

Private Fortune

The "Handelsblad" further reports that the greatest concern has been caused by the disappearance of Mannheimer's private fortune, which, in Netherlands business circles, had been estimated at about one-hundred-million guild-

The "Handelsblad" declares that such estimates are fantastic. but adds that the complete disappearance of these assets has caused greatest misgivings among those most directly affected.

While the rest of the press exercises greatest restraint, the 'Nationale Dagblad" on Sunday launches a very sharp attack on various leading personages of Holland who formerly supported Mannheimer.

Mexico Bitter Towards U.S. Oil Interests

Newpapers in Mexico referred with bitterness to the United States" "good neighbour" policy in Latin-America, as the peso declined through July ""

Editorials, in both Right and Left wing newspapers criticized President Roosevelt, Secretary of the Treasury, Mr. Morgenthau and the Benate Majority Leader. Mr. Barkley.

Bankers and miners, meanwhile, saw no likelihood of improvement in the declining peso until some settlement of the claims of the expropriated petroleum interests has

been negotiated. Mexican experts foresaw some difficulty in negotiating such a settlement, especially as it will months before of many remittances can settle internationagreements already barter negotiated between Mexico and totalitarian nations.

Finance officials said active or passive resistance to the restrictions would be "high treason" and make offenders subject to penalties provided, in a lengthy government decree, to prevent the "flight. of national funds."

The decree became effective on July 16, and ordered all receipts from tin exports to be handled by the Central Bank of Bolivia, which will pay exporters partly in. Bolivian currency and will retain 50 per cent of the foreign exchange received to finance Covernment expenditures.

compared with Friday's closing quotations. The market opened slightly higher, with a better undertone due mainly to a more favourably interpretation of the political situation,

New York bids were on a better basis. An improvement of 1/16 in prices was shown near the close.

NEW YORK COTTON

The market continued to lack any fresh features, " Export demand was very slow. Crop news is favourable. Further Southern selling and straddle selling on narrower Liverpool differences was noted. Heavy arrivals were in evidence. Some quarter's opinion holds that in view of the present favourable weather conditions, the movement of Cotton will go into normal channels as long as it exceeds the new loan price, and that only a short crop will justify a further advance.

NEW YORK RUBBER

CHICAGO WHEAT

Prices declined in, the early session under hedging against new crop movement and favourable weather advices. Some professional support was later forthcoming on reports of better export demand, and on the belief that with the constricting effect of the loan and the subsidy, prices may be less forceful on the down side. The Canadian market continued to be dull and quiet with undertone easy. Increased pressure of Argentine wheat, persistently favourable crop news, a slow general enquiry, have been the main causes of the easiness.

Britain Will Not Be On Losing Side

AUSTRALIAN PREMIER BLAMES HITLER FOR WORLD TENSION

MELBOURNE, Aug. 14 (Reuter) -Herr Hitler's policy is the sole cause of the present world tension, declared the Prime Minister. Mr. R. G. Menzies, in a public speech here.

ARMAMENTS' BACE He added that Herr Hitler's re-

fusal to negotiate calmly and peaceably in regard to Danzig was causing the nations to pile un armaments.

He believed that war could be averted, but in any case Britain would not be on the losing side as the fate of Britain and the United States was bound up together:

Mr. Menzies concluded: "We cannot have security if force and threats become the currency of international world relationship."

CAUSAIC COMMENIE BY CHIEF JUSTICE

Plaintiff's Evasiveness: Claim For Possession

The evasiveness of plaintiff in the witness-box and his pursuit of profit came in for caustic comment by the Chief Justice, Sir Atholl MacGregor, in the Supreme Court yesterday when Tsang Wah-hing, lawful attorney for Pau Wai-chau, Leung Kam-to, Wong Suiking, Luk Sau-chi, Chan In-fong and Leung Cheukhing, claimed possession of the ground floor of No. 39B Queen's Road Central from the Mayfair Beauty Parlour.

In giving judgment for plaintiff, his Lordship expressed regret that his decision, in the circumstances, could not be in favour of the defence.
